

2013 Camp Information Sheet

- Camp reservation numbers are required 3 weeks prior to start of camp.
- If there is any change in camp numbers, notification must be made to Sandi Behr by 4:00 pm on the first weekday of the camp in order to ensure correct invoicing.
- If a camper withdraws part of the way through the camp immediate notification must be made to Sandi Behr and the camper's wrist band must be turned in on date of notification to avoid being billed for the camper for the rest of the camp.
- Wristbands MUST be worn by camper for admittance into dining common. Exception only with prior approval of Sandi Behr.
- Any unused wristbands must be returned before the end of the last day of food service. Bands not returned will be invoiced.
- Wrist bands or tickets are required for entrance into the dining commons. If at meal time you have a camper that has no wrist band or ticket, a camp representative must complete a Billing Authorization form before being allow access. You must also contact Sandi Behr before the next meal to obtain a wrist band or ticket for the camper.
- 24 hours notice required to cancel a meal.
- Always call ahead if you are going to be late for a meal. If something happens and you are late for dinner and the dining common is closed, contact another dining common that is open and ask about using your bands and tickets in their facility.
- Shoes are required in the dining commons.
- All sports equipment must be placed so that it does not block walkways, hallways, doorways or access within the dining facility.
- It is our expectation that campers are chaperoned while in the dining facilities. We suggest a camp representative be at the cashier stand as your groups come in the doors. Any damage or excessive clean up cost incurred as a result of a camp will be the camps financial responsibility and will be added to their final invoice.
- For any special arrangements, call Sandi Behr – 706-583-0850. If you need to: split meals between two dining halls, box lunches, or hot meals at your location for those camps on the outer reaches of campus, etc. Communicate to Sandi what you are doing within your camp schedule and she can help you with your meal times and requirements.
